# IYO Rangelands & Pastoralists

*Western Australia is taking a leading role in the 2026 International Year of Rangelands and Pastoralists, highlighting its extensive rangelands and the people who manage them. Early initiatives and state-level groups are promoting sustainable land use, cultural heritage, and innovation, showcasing WA's pastoralists and land managers as key custodians of ecological and economic value.*

## What is the IYRP 2026?

- A UN-declared global observance to recognise the vital role of rangelands (grasslands, savannas, deserts) and pastoralists (herders, drovers, Indigenous managers) who sustain food, fibre, and biodiversity on over half the Earth's land.
- It aims to tell the story of pastoralism as sophisticated, science-based land management, not just livestock production, focusing on sustainability, innovation, and working with nature.

## WA's Connection & Focus

- **Vast Rangelands:** WA's rangelands cover huge areas (Kimberley, Pilbara, Gascoyne, Murchison, Goldfields, Nullarbor and arid interior).
- **Local Leadership:** The Australasian launch happened at the 2025 Perth Royal Show, led by WA pastoralist Debbie Dowden, highlighting WA's commitment.
- **WA Group Formed:** WA was the first Australian state to form its IYRP group, planning activities like local events, cultural showcases, and knowledge exchange.
- **Showcasing Innovation:** Focus on WA pastoralists' efforts in land restoration, sustainable practices, and using technology for management.
- **Theme:** "Stand with the Land" emphasises the connection between people, their environment, and sustainable production.

# President's Report

***Welcome to the 54th Annual Kununurra Agricultural Show!***

It's great to welcome you back to this year's Kununurra Agricultural Show. This event is such a special part of our community calendar and something so many people work incredibly hard to bring together.

This year's theme, International Year of Rangelands and Pastoralists, is a really important one for our region. It's a chance to recognise the people who live and work on the land, those who look after our vast rangelands and keep our pastoral industry going strong. Their resilience, knowledge, and connection to country are a huge part of what makes the East Kimberley what it is today.

The Show is about so much more than competitions and exhibits, it's about the Kununurra community. It's about catching up with friends, supporting each other, and celebrating everything that makes this place home.

I'd like to say a huge thank you to our committee, volunteers, sponsors, and everyone who helps behind the scenes. So much time and effort goes into making this show happen, and we truly couldn't do it without you. To our caretaker and all our volunteers, thank you for everything you do, often without recognition.

To everyone who has entered this year, thank you for getting involved. Whether it's your first entry or your fiftieth, you are what makes the Show come alive.

As you walk around this weekend, take it all in, the exhibits, the animals, the laughter, and the community spirit. It's something pretty special, and something we should all be proud of.

Thanks for being part of the 2026 Kununurra Agricultural Show. We hope you have an amazing time and leave feeling connected and inspired.

See you at the Show!

*Sarah Fisher*

***Waringarri Radio is part of the Waringarri Media Aboriginal Corporation, and was originally developed from local pressure for an information and media service appropriate to the needs of local people.***

Waringarri Media

The founders envisaged a station that would be the voice of local Indigenous mobs, informing the wider community about Aboriginal and community issues from Indigenous perspectives. This was a new concept at the time and initial broadcasting began on Wednesday 9th December 1987 with the support of the ABC, until the station obtained its own license as 6WR 693AM in October 1992.

Since then the station has expanded to embrace the wider local community as the only locally based radio station in the North East Kimberley, but still proudly Aboriginal owned and operated.
